### **HOME PROGRAM: A/AC-Specific Social Requests**

Practicing tasks that address goals need to be conducted every day for positive outcomes. Patient and caregivers performing home programs each day — allow for daily work toward goals.

Instructions: If utilizing an alphabet board or tablet with a keyboard option, use the assigned A/AC communication system to practice communicating these basic wants/needs utterances.

- “I need a napkin.”
- “I am not feeling well.”
- “I need to tell you something important.”
- “I need to sit-up.”
- “I need some medicine.”
- “I feel sick.”
- “I would like the TV on.”
- “I would like to look at some pictures.”
- “Can you write down my thoughts?”
- “I would like to go into another room.”
- “I want to call a family member.”
- “I am thirsty.”
- “I would like to turn off the TV.”
- “I am feeling dizzy.”
- “There is something wrong that I would like to talk about.”
- “I am having trouble sleeping.”
- “I need to see the doctor.”
- “I want to take a nap.”
- “I am feeling hot.”
- “I am feeling cold.”
- “I need something from my room.”
- “I want to lay down.”
- “I would like to do something else.”
- “I would like to sit outside and get some fresh air.”
- “I would like someone to read the newspaper to me.”
- “I would like to spend some time alone.”
- “I am needing to say something.”
- “I would like some music turned on.”
- “I would like to do some drawing.”
- “I need to use the bathroom.”
- “I am hungry.”
- “I need you to get something for me.”
